Ltd.

The FUCHS product program comprises more than 10,000 products and related services in five key categories:

Metal Processing Lubricants : Quenching Oils, Corrosion Preventives Oils, Industrial Cleaners, Cutting & Grinding Oils, Forming Lubricants

Special Application Lubricants : Hot Forming, Wind Power, Railway Traffic, Paste, Gear Lubricants, Dry Coating etc.,

Industrial Lubricants : Hydraulic Oils, Compressor Oils, Open Gear Lubricants, Turbine Oils, Machine Oils, Wire Rope Lubricants, Chain Lubricants etc.

Lubricating Greases : Grease for Plain & Roller Bearings, Wheel Bearing Greases, Gear Box, Greases for Rail Vehicles, Greases for Extreme Temperature etc.,

Automotive Lubricants : Engine Oils, Gear Oils, Shock Absorber Fluids,

FASTO Adhesives & Sealants Technologies

FASTO Adhesive and Sealant Technologies is a leading manufacturer and supplier of adhesives, sealants, coating, potting and encapsulating compounds.

FASTO Adhesives offers products from various chemistries like Epoxy, Silicone, Acrylate, Cyanoacrylates, and Polyurethanes. FASTO Adhesives offers Silicone Sealants, UV Adhesives, Thread lockers, Thread Sealant, Liquid gaskets, Bearing Retainers, Epoxy, Instant Adhesives, Structural Adhesives, Glazing and Caulking Adhesives:

CHEMBOND Material Technologies

Offers innovative and value delivering solutions to industrial customers in the areas of surface treatment, bonding, sealing, and coatings.

Metal Treatment Chemicals

- ☐ Coil coating chemicals and passivates for the steel and coil industry
- ☐ Metal working fluids and hot forging lubricants

Automotive Sealants

- ☐ Underbody coatings based on PVC (oven cured), other resins (air drying or oven cured) for cars, trucks, buses, three wheelers
- ☐ Sealants for seams and hem flanges
- ☐ Structural adhesives
- ☐ Butyl rolls & performs

Engineering Adhesives

- ☐ Anaerobic adhesives for thread locking, retaining, thread sealing, gasketing
- ☐ Cyanoacrylates for fast setting, including UV cured products
- ☐ Epoxy adhesives – one and two components
- ☐ PU, MS, and RTV Silicone Sealants
- ☐ Tamper detection and torque marking

Industrial Coatings

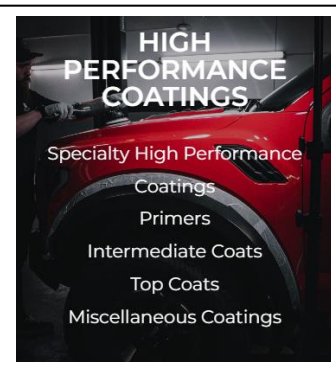

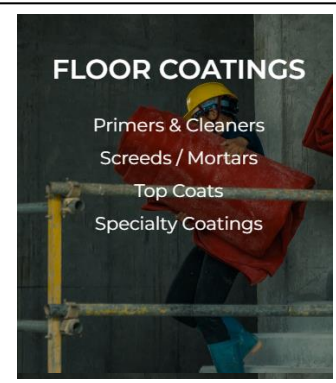

- ☐ Waterborne coatings for automotive and industrial components
- ☐ Solvent based and high solids coatings for agriculture & construction equipment

Paint Shop Solutions, and products for

- ☐ TakRags in cotton, polyester, lint free / non-woven materials for paint shops
- ☐ Paint booth water treatment chemicals and coagulants for de-tackifying paint overspray
- ☐ Paint removers - solvent based or eco friendly
- ☐ Booth wall & tacky oven coatings, grate coatings to help keep dust free environment

Industrial Maintenance, Repair, Overhaul (MRO)

- ☐ Products for Maintenance, Repair, Overhaul
- ☐ Rust cleaning & protection, chain lubricants, contact cleaners, cold galvanizing, anti-seize compounds, greases, touch up paints
- ☐ Oils and other products for defence industry
- ☐ Coatings for tanks, pipelines, structures, etc.
- ☐ Epoxy & PU coatings for industrial floors

BENZ Packaging Solutions

BENZ Packaging Solutions is a company specialized in the design, production and distribution of packing, packaging products and systems.

Anti Humidity

- ☐ **Desiccants**
 - Desiccants for packaging
 - Desiccants for containers
 - Heat Sealing Film
 - Temperature & Humidity
- ☐ **Vacuum Films** - Vacuum Barrier Films & Bags.

Anti Corrosion

- **Anti Rust Paper & Films - Anti Corrosion**
 - VCI Paper
 - VCI Film
 - VCI Diffusers & Foams
 - VCI Tablets & VCI Chips
- **Rust Removers**
 - Rust Preventive Oils / Spray
 - Water Based Rust Preventive
 - Cleaning Solutions
 - Rust Removers
- **Protective Packaging**
 - Blocking & Cushioning Solutions**
 - Eco Friendly Sustainable Packaging
 - Plastic Void Fill & Cushioning Films
 - Convenient & Easy for Void Fill Applications
 - Block & Brace Objects to prevent migration
 - Honeycomb Paper Solutions
 - Foams & Bubble**
 - PE / PU Foams
 - Bubble Bags & Roll
 - Inflatable Bubble Bags
 - Films & Tapes**
 - LDPE, Shrink & Stretch Film
 - Angle & Edge Protector
 - Paper & Plastic Tapes

Our customers belong from manufacture industries of below sectors:

- OEM's in the automotive, automotive components, Agriculture and construction equipment, appliances, engineering, Railway, jewellery, eyeglass, electronics, and defence industries.
- MRO operations in refineries, steel plants, cement plants, power plants, chemical and fertiliser plants, pharmaceuticals, mining, pulp & paper, etc.

Hope this all information will helps to provide you about our working profile.
Thanking you and assuring you of the best attention and services at all times.
